Tech Lead Software

Their Job Is Measured By

Team productivity
Project success

Reports to

Manager

Make his team autonomous

Goal

Make his team autonomous
Share knowledge
Organize events/meetings

Frustration

Doesn't feel comfortable with Outlook Industries for organize workshops/meetings
Doesn't have any tools for sharing his knowledges/content about programming

What ScheduleMe as to offer for Daniel

Daniel is a Tech Lead Software developer.
He had worked on various software projects since years
Has a lot of knowledge
Today, outlook industries is the only and very risky tool for him to scheduling events/meetings

With ScheduleMe, Daniel can log in with his favorite social network, schedule the next workshop in 2 minutes to share his knowledges/programming skills and make his team more autonomous
